**** All framing listed below is done by myself and as yet I cannot offer custom sizes or mats. Most frames are offered in black or white, all have a black background. However, I am constantly seeking new sources and equipment so please check with me if there is something you want that is not offered.*

***** Luxury framing shown on the site gallery was done by an outside framer. If you wish to have your special keepsake framed else where I am happy to recommend a framer who I am confident can frame your keepsake beautifully.*
